## Admiral Said Monday He Could Hold Out Only Two Days. Peking Ministers and Legationers Intrenched With Seymour's Expedition.

WASHINGTON, June 27.—The Chinese Minister called this morning on the Secretary of State and communicated to him the contents of a dispatch which he had received from the Tsung Li Yamen at Peking, dated on the 15th inst. The dispatch states that the Foreign Ministers had before this date asked permission for the legation guards to enter the city, which permission had been granted; that they subsequently asked that these guards be reinforced, which the Chinese government was not disposed to permit. The dispatch then goes on to state that the Consul-General at Tien Tsin—supposed to be the French Consul-General—had telegraphed to the Viceroy of China that the foreign Admirals had demanded the surrender of the Taku forts and the foreign Ministers were shortly to leave Peking for Tien Tsin with their guards.

### FINE WEATHER AND BIG CROWDS AT STOCKTON.

Rush of Visitors to the Street Fair Now Fairly On.

Midway and Other Attractions Doing a Rushing Business.

Associated Press Dispatches by The Tribune's Special Leased Wire. STOCKTON, Cal., June 27.—The second day of the Stockton free street fair sees increased attendance and a continuation of the pleasant weather. From all parts of the valley people are arriving, taking advantage of the reduced railroad rates. Incoming trains and boats from Sacramento and San Francisco have brought great numbers of visitors from points along the routes.

The hotels and lodging houses are beginning to fill up with people who are engaging quarters for the fair season, the rush thus early in the fair indicating that Stockton's capacity for lodging a great crowd will be taxed. There is still more room in the hotels and lodging houses, however, besides which the fair management has a list of lodgings obtainable in private residences all over the city. That these will all be taken up as the fair progresses there is little doubt. The question of food for the fair is both being solved and is enough and to spare for the whole population of the valley, with more to be had at a few hours' notice.

There has been no attempt to gouge the visitors, and the rates for hotel accommodations have not been advanced. Some of the 15-cent restaurants have added 5 or 10 cents to the price of meats, but beyond that there is no boosting up of prices.

As yet there have been no accidents and no crimes. Special officers and detectives from other cities are keeping a lookout for notorious characters, and four have been jailed thus far. Jack Shea being among the number.

Hill, the high wire walker, entertained the crowd on the plaza this afternoon. This evening from 7:30 until 8 o'clock there will be a band concert followed by a juvenile cake walk and free street shows, after which the band concert will continue to 10:30.

The Midway attractions and the booths, especially those where refreshments are being sold, report a big trade, and the receipts last evening are very satisfactory to the committee.

Tomorrow the coronation of Queen Genevieve I (Miss Genevieve Peters) will take place at 6 o'clock with imposing ceremonies, and an immense crowd of visitors is expected.

BERLIN, June 27.—The German Consul at Chefoo confirms the contents of the message from Vice Admiral Seymour which reached Tien Tsin Monday, saying he was then eight miles westward of that city, terribly harassed, could only hold out another two days and had sixty-three men killed and over 200 wounded, and adding that the Admiral asked for the dispatch of a relief column of 2,000 men. This column left Tien Tsin during the morning of June 25th, under Russian command.

London, June 27.—A special dispatch from Chefoo says: "The fight of the allied forces against the combined Boxers and the Chinese soldiery, barring the road to Tien Tsin, opened at daybreak. One hundred and fifty Americans were among the 2,000 international troops. The Chinese soon broke under heavy shelling, and then the arsenal was attacked and the guns were gradually silenced. The fight was entirely over at noon.

"The keen friendly rivalry for the honor of first entering the city resulted in the Americans and British going in neck and neck, with the others close up."

ST. LOUIS, June 27.—Except for the boycott and 300 extra policemen, but little remains to tell of the great strike on the St. Louis Transit Company's system. Cars are in operation on all the lines without hindrance, but thousands of persons, through sympathy for the strikers, patronize wagons and buses manned by ex-street railway employees.

Today the remainder of Sheriff Pottman's posse comitatus, about 600, was mustered out of service, the Board of Police Commissioners deciding they were no longer needed. Fourteen private watchmen have been sworn in by the Board of Police Commissioners to guard the power house of the St. Louis Transit Company.

An official estimate places the cost of extra police protection during the strike at \$50,000.

President Edward Whitaker of the Transit Company says that he knows nothing of the proposed plan of settlement of the strike said to have been presented by a committee of citizens.

At the strikers' headquarters no proposition looking to a possible strike settlement has been made.

The allied forces had been greatly surprised to find the French, German, Japanese and Russian troops, that the march on Tientsin had not been attended with serious loss and that the plight of the foreigners there had not been so serious as had been supposed. It is not known with definiteness here whether Admiral Seymour's force reached into Peking and captured the city, or whether they were sent out under the escort of their own guards, but the opinion prevailed at midnight among the well-informed members of Parliament that a catastrophe had been averted and that the military and naval forces, while not sufficient to secure permanent occupation of the city, were adequate to afford immediate protection of the foreigners in Tientsin.

Mr. Bredrick and Mr. Balfour were closely questioned in the House of Commons respecting China, but their information was apparently second hand. The present government was evidently unprepared for the war, and the public opinion has pulled itself together and is hunting in the dark for a policy.

The series played last week has made no material difference in the standing of the teams, except that Sacramento has tightened its grip on first place, while poor Hank's galaxy of high priced stars has sunk lower at the tail end. The Athletics, however, and the Reds, and Sacramento and Stockton have more than made their share. Their players can make good when they are sent to the field. Last night's game between Oakland and St. Francis was a case of an error and it generally loses the game.

Oakland played another extra inning game last night, and this time they were beaten out by a score of 2 to 1. It was a grand exhibition of baseball and enthused the crunks to the highest pitch. The Athletics were the victors, but a magnificent ball, not a run being earned on either side.

Drennon made a sensational catch at

started for, but the wind kept carrying it until it seemed almost impossible for him to catch it. He finally did, and he reached out his left hand and the ball dropped safely there. He continued running until he had passed the fence and was out of sight at first base, unassisted, had he desired, but he graciously handed the ball to Hutchinson, who should have been the one to put out and Drennan with an assist.

The action of Fitzpatrick, San Francisco pitcher, last Sunday morning was a fine illustration of the sportsmanlike and the umpire seen it. Such tactics as Harris allows his men to indulge in is not only against the spirit of the game, but it is against the rule. The Oakland management is strictly opposed to such playing and has given strict orders that the players of the team must be a gentleman at all times.

Unole Hank is still on the slide, and his actions of some of his players are not doing him any good.

After Fitzpatrick deliberately threw the ball over the fence "Trisdo did not have many friends in the audience. Even their friends were not sure of him, and he vowed they would never go there again.

Manager Ewing returned from Yosemite Sunday morning. He stopped over at Stockton and witnessed the series between the Dudes and the league bables.

There is a lot of talk going on in San Francisco about the article in Saturday morning's issue that there must be something radically wrong in the management of the Oakland, on account of their defeat by the Dudes.

The different towns of the Monarch League are aiming to strengthen their teams by signing players from Butte, and naturally look toward Oakland for its supply, as undoubtedly Oakland has the best individual ball players in the league.

Dumley's departure for Butte is deeply regretted by all the fans, with whom he was a great favorite. He was always in the line of fire from the fans, and he refused his team mates with players

the Press Dispatches by  
The Tribune's Special Licensed Wire.  
CHICAGO, June 27.—The backbone of the great building trades strike in this city is broken. It is now only a question of hours when the 50,000 workmen who have been idle for many months will be rearranging benches for their return to work.  
The initial move for ending the lockout was taken at 2:15 o'clock this morning by the Bricklayers' and Stonemasons' Union, the strongest labor organization in the city. At a meeting held at 2:30 o'clock that night meeting to withdraw from the Building Trades Council. The Council had been notified the morning of the withdrawal of the bricklayers. This afternoon the arbitration committee of the bricklayers will meet the arbitrators of the Chicago teamsters' union to negotiate and sign a working agreement to extend to April, 1902, and the bricklayers will immediately be given work.  
The Chicago Bricklayers' Union was the result of the report of the conference committee in which a recommendation was made that the union sever its connection with the Building Trades Council, that organization had been unable to bring about a settlement of the labor war.  
As the Bridge and Structural Iron Workers, Gas Fitters, Plumbers, Plasterers and Hod Carriers Unions have been in sympathy with the bricklayers, the Council for over a week, they will now in all probability follow the course of the bricklayers. The bricklayers have a membership of over 3,000.
